**REMUNERATION REPORT
FOR THE FINANCIAL YEAR 2023**

I. INTRODUCTION

Summary of legal basis and summary of content

This remuneration report constitutes the report on the remuneration which was awarded or due by ADLER Group S.A. (the “**Company**”) and other entities of the same group (the “**Group**”) to the members of the board of directors (the “**Board**” and each member a “**Director**”) and senior management (“**Senior Management**”) of the Company during the financial year ending 31 December 2023 (the “**FY 2023**”) (the “**Remuneration Report**”).

Pursuant to the Luxembourg law of 24 May 2011 on the exercise of certain rights of shareholders in general meetings of listed companies, as amended (the “**Luxembourg Shareholder Rights’ Law**”), the Company is required to submit to its general meeting of shareholders (the “**General Meeting**”), each year, a report on **the remuneration awarded or due to Directors** in the preceding financial year. This Remuneration Report has therefore been prepared in accordance with the specific requirements of the Luxembourg Shareholder Rights’ Law and, to the extent possible, the non-binding draft guidelines of the European Commission on the standardised presentation of the remuneration report under Directive 2007/36/EC, as amended by Directive (EU) 2017/828 (the “**EC Guidelines**”).

Furthermore, pursuant to the Luxembourg law of 10 August 1915 on commercial companies, as amended, (the “**Luxembourg Company Law**”) the Board is required to report to the General Meeting on **the remuneration paid/awarded to any persons who hold the position of daily managers** (*délégué(s) à la gestion journalière*) of the Company (the “**Daily Manager**”). This Remuneration Report therefore also covers the remuneration paid/awarded in FY 2023 to the Daily Managers who held office during that year.

In the interests of transparency, while not a legal requirement, this Remuneration Report includes the remuneration awarded/due during FY 2023 to all **members of Senior Management of the Company** who held office during that year, including those who are neither Directors nor Daily Managers.

This Remuneration Report has been approved by the Board on 16 May 2024 and shall be submitted to the annual general meeting of shareholders of the Company (the “**AGM**”) expected to be held on 25 June 2023 for an advisory vote.

In accordance with the applicable laws and the EC Guidelines, this Remuneration Report discloses in detail only the **remuneration actually awarded or due** during FY 2023.

While the variable remuneration which the Senior Management was entitled to earn during FY 2023 was neither paid out nor awarded during 2023, in the interests of transparency, Section VI provides a brief explanation of the expected basis and targets for FY 2023 variable remuneration.

Public availability of this Remuneration Report and information regarding approval of previous remuneration reports

This Remuneration Report, together with remuneration reports for financial years ending 31 December 2022, 31 December 2021, 31 December 2020 and 31 December 2019 (“**FY 2022**”, “**FY 2021**”, “**FY 2020**” and “**FY 2019**”), shall remain publicly available on the Company’s website free of charge, at the following link:-

<https://www.adler-group.com/en/investors/corporate-governance/remuneration>

The remuneration reports of FY 2019, FY 2020, FY 2021 and FY 2022 were each submitted for an advisory vote of the General Meeting and were duly approved.

Remuneration policy

Pursuant to the Luxembourg Shareholder Rights Law, the Company is required to establish a remuneration policy on the remuneration to be paid to Directors and to submit such remuneration policy to the General Meeting for an advisory vote. The Company has opted, since the General Meeting held in 2021, to establish its remuneration policy such that it describes not only the remuneration of Directors, but also, the remuneration of members of Senior Management.

On 21 June 2023, the AGM approved a remuneration policy and that remuneration policy was applicable in respect of FY 2023, i.e. the period covered by this remuneration report (the "**Remuneration Policy**").

The Remuneration Policy is available on the Company's website:-

<https://www.adler-group.com/en/investors/corporate-governance/remuneration>

At the upcoming AGM, the Company shall submit a revised Remuneration Policy for an advisory vote to confirm that remuneration of members of the Board shall only be composed of annual fixed remuneration and no additional fee for attendance of the Board of committee meetings shall be added.

Highlights of FY 2023

The Company concluded the FY 2023 with a robust operational performance, underlined by a strong like-for-like rental growth of 5.1% over the financial year and a vacancy rate of just 1.1%. The average residential rent per square meter increased to EUR 7.60 compared to EUR 7.58 in 2022 despite the disposal of the "Wasserstadt" portfolio in Berlin, with c.700 new built units not falling under the Mietspiegel. By year-end 2023, the rental portfolio amounted to 25,043 units, of which 17,738 units are in the Berlin area.

The FY 2023 results reflect Company's successful disposals of portfolio assets, in order to generate liquidity, cover financial maturities and to reposition the portfolio. The disposal of the Berlin-based "Wasserstadt" rental portfolio was one of the largest transactions in the German residential sector last year.

However, given the tough transaction market environment, disposals are lagging the original plans. In response, the Company is proactively revising its restructuring framework, focusing on two key pillars: (i) a revised business plan to restructure the Group's most difficult assets and to participate in the expected market recovery, and (ii) a financial restructuring which improves the Group's cash position, stabilises the debt structure by postponement of maturities beyond 2026/27 and provides a sufficient equity position until maturity of Company's prolonged debt in order to provide a solid foundation for the Group's going concern for at least, but not limited to the next two years.

Net rental income was EUR 210,000,000 compared to EUR 245,000,000 in FY 2022, a decrease which was mainly due to asset disposals, both in FY 2022 and FY 2023. Hence, the Company met its FY 2023 guidance of EUR 207,000,000 to EUR 219,000,000. Adjusted EBITDA from rental income was EUR 110,000,000 (FY 2022: EUR 148,000,000). For FY 2024, Group expects net rental income in the range of EUR 200,000,000 to EUR 210,000,000.

The gross asset value (GAV) of the yielding portfolio came down from EUR 5,200,000,000 as per December 2022 to EUR 4,200,000,000 as per December 2023 (of which EUR 3,600,000,000 in Berlin), driven by both disposals and the portfolio revaluations. The I-f-I yielding portfolio revaluation amounted to minus 12.8%. However, the pace of devaluation slowed down significantly in the second half of 2023 compared to the first half.

In the fourth quarter 2023, Group placed EUR 191,000,000 of 1.5 lien notes with annual PIK interest amount of 21% due end July 2025. Gross proceeds from disposals amount to EUR 530,000,000 with associated

debt repaid of EUR 270,000,000 and net cash generation of EUR 200,000,000. The total cash position at year end 2023 amounts to EUR 377,000,000.

The financial results were, however, negatively impacted by extraordinary expenses related to the restructuring program and its financing. Legal and consultancy costs as well as interest expenses were particularly noticeable, as well as the significant devaluations of the real estate assets. Overall, the aforementioned expenses resulted in a loss from operating activities of EUR 1,464,000,000 in FY 2023 (previous year: minus EUR 1,272,000,000). In addition, there was a negative financial result of EUR 497,000,000 (previous year: minus EUR 535,000,000).

The negative earnings situation is also reflected in the key figures FFO, EPRA NTA and EPRA LTV. For the first time, FFO I was negative at minus EUR 43,000,000 (previous year: plus EUR 87,000,000) due to the increasing interest burden. The EPRA NTA amounted to EUR 529,000,000, or EUR 3.49 per share, as of 31 December 2023, compared to EUR 2,400,000,000 / EUR 20.77 per share as of 31 December 2022. EPRA LTV was 97.6% (74.5% at the end of FY 2022).

The consolidated financial statements and annual accounts of the Company for the FY 2023 are unaudited. As the auditing process for the consolidated financial statements and annual accounts for the FY 2022 and 2023 is ongoing as expected, the Company envisages the publication of these audited financial statements by 30 September 2024.

For further information on the FY 2023 financial figures of the Company and the Group, reference is made to the annual report (including unaudited stand-alone and consolidated accounts and management report) of the Company for the FY 2023 which is available on the Company's website:-

In addition, the Senior Management was entitled to reimbursement of any reasonable costs incurred within the scope of their duties as senior executives, upon presentation of proof of payment of such costs, and a travel allowance.

IV. COMPLIANCE WITH THE REMUNERATION POLICY

Remuneration of Directors

The remuneration actually paid out to the Directors during the FY 2023 complied with the Remuneration Policy.

In accordance with the Remuneration Policy, in order to ensure sound corporate governance and to avoid the arising of any potential conflicts of interest, Directors did not receive any variable remuneration for their role as Directors of the Company. They only received the fixed remuneration and fees for each attendance at a meeting of the Board or committees of the Company as set out in Section II above. Furthermore, all Directors were covered by the Company's directors' & officers' liability insurance and were reimbursed of any reasonable costs incurred within the scope of their duties as Directors, upon presentation of proof of payment of such costs.

Remuneration of Senior Management

In accordance with the Remuneration Policy, the members of Senior Management received fixed remuneration (as detailed above) payable in 12 equal instalments at the end of each calendar month, for which they were in office.

The members of the Senior Management were covered by the Company's directors' & officers' liability insurance and were reimbursed of any reasonable costs incurred within the scope of their duties, upon presentation of proof of payment of such costs. In accordance with the Remuneration Policy, in FY 2023, the members of Senior Management were awarded with an STI-Bonus and LTI-Bonus for the FY 2022 based on the achievement of certain targets.

Certain fringe benefits were provided to Senior Management in accordance with the Remuneration Policy and as contractually agreed in their service agreements, including in particular, a company car, private health insurance and other insurance policies.

As for FY 2022, the Board have determined that the only appropriate STI-Bonus and LTI-Bonus target which could be set for FY 2023 was the maintaining of the Company's solvency and the implementation of the restructuring plan sanctioned by the High Court of Justice of England and Wales on 12 April 2023.

These targets having been achieved as at the end of 31 December 2023, the Board has decided to award the maximum STI-Bonus to the members of Senior Management (EUR 350,000 to CEO and CFO, EUR 300,000 to CLO and CRO) and the maximum LTI-Bonus to the members of Senior Management (EUR 350,000 to CEO and CFO, EUR 200,000 to CLO and CRO).
